LED Strip Controller

Product Name	Model N.O.	Picture	Remarks
Simple Controller	SD-JY		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB 10meters
Simple Controller (Aluminum)	SD-JYL		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB30meters
Single Button Controller	SD-D1		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB10meters
IR-24Key Controller	SD-IR242		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3. Speed&brightness can be adjustable 3.Receiving range: RGB10meters
IR-24Key Controller(Aluminum shell)	SD-IRL24		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB20meters
Wireless 4 Key Controller (Aluminum shell)	SD-RF42		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB20meters
Wireless 6 Key Controller (Aluminum shell)	SD-RF62		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB20meters

Wireless 4 Key Controller (Iron shell)	SD-RFT42		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB20meters
Wireless 6 Key Controller (Iron shell)	SD-RFT62		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB20meters
Simple SPI Controller	SD-SPI		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.15 modes in total. 4.Receiving range: Digital 30meters
Digital Controller	SD-1606		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3. Receiving range: Digital(one way)30 meters,digital (two ways)15meters 4.84 models in total
Wireless Digital Controller	SD-RF1606		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3. Receiving range: Digital(one way)30 meters,digital (two ways)15meters 4.84 models in total
Thin-film 6 Key Controller	SD-62		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB 20meters
Thin-film 6 Key Infrared Remote Controller	SD-IR62		1.Connecting mode:Common anode&Common Cathode are available 2.Power Supply：DC2V/5V/12V/24V 3.Receiving range: RGB 20meters
Rouch RGB Controller	SD-CRF-T2		1.Connecting mode:Common anode 2.Power Supply：DC12V/24V 3.Receiving range: RGB 20meters 4.15models in total

WiFi Controller	SD-CRF-WIFI	1.Connecting mode:Common anode 2.Power Supply：DC5-24V 3.In building can control more than 50m, in outdoor can control more than 100m
